Patrick Pariyo

Age 19, Trade School

"Zozu Project has given
me something I never
had before, hope."

My name is Patrick Pariyo. I'm 19 years old, a 2024 graduate from Solid Rock High School, and currently pursuing a certificate in Electrical Installation at Omugo Skills Development. Before joining the Zozu Project, I had no hope for school. My family couldn't afford fees, and I felt empty physically, mentally, and spiritually. But by God's mercy, I was chosen, and Solid Rock became the foundation of my life.

Through Zozu, I joined Sunday school and learned that God can make a way where there seems to be no way. I've grown so much, I can speak and read English, I play the keyboard, I sing, and I've made strong friendships.

Today, I'm on my way to becoming a great electrician. Zozu has helped me thrive in every way physically, mentally, and spiritually. I thank God for the love He has shown me through this project.

Joan Nakate

Age 15

Grade Sophomore

"I believe it was by the
grace of God, because
when you pray, God
bends His ears to
answer"

When my father lost his business, everything changed. My mother worked so hard as a tailor, but it was never enough. I remember seeing her quietly praying and telling me stories from the Bible to give us hope. One day, we heard about Solid Rock Christian School and rushed to the Zozu office. I was almost turned away for being too young, but my mom insisted, and by the grace of God, I was accepted.

I will never forget how it felt to receive my first uniform, books, and shoes. At Solid Rock, I learned to make friends, to believe in myself, and to trust God more deeply. When COVID came, life was very hard, but Zozu brought back hope with food and support for my family.

Today, I am in high school, studying hard and dreaming big. My teachers encourage me, and I have everything I need to learn. What began as a desperate prayer has become my story of hope. I live every day trusting in "One Chance, One Goal."
